Non-Conforming Asphalt Resolution Submittal

Mr. Smith,

We submit to the Town of Windermere for review, comments and approval the Resolution Documents for the Non-Conforming Asphalt installed by Gibbs & Register/Hubbard Construction under a Design Build contract awarded by Pine Street Paving, LLC.

This submittal is to address the removal and 100% replacement of the deficient asphalt installed on Pine Street in July 2012.

Included in this Submittal is a detailed schedule to be provided to all residents living on Pine Street.

We would encourage the Town of Windermere to post these documents on the Town's website to inform all residents of Windermere of the upcoming construction activities planned for Pine Street.

Please review and let me know if you have any questions.

Respectfully,

Pine Street Paving, LLC

Thomas Johnson  
Gary Tucker  
Pat Casey  
Terry Wiler
